EDUCATION

BSc CS HONS. Specialization in Artificial Intelligence & Machine Learning

Nagaindas Khandwala College

07/2021 - 05/2024

Mumbai

Junior College

Sathaye College

06/2019 - 05/2021

Mumbai

WORK EXPERIENCE

Machine Learning Intern

GALACTIC TECH SERVICES

04/2023 - 04/2024

Mumbai

Achievements/Tasks

- Explored and implemented cutting-edge GenAI methods, automating complex processes and boosting overall project efficiency.
- Led the integration of RAG frameworks, significantly improving the AI's capability to generate responses that are contextually rich and informed by external data sources.
- Spearheaded efforts in optimizing prompt engineering, leading to significant improvements in AI model accuracy and relevance in generated outputs.
- Developed and deployed a deep learning model utilizing PyTorch for detecting and mitigating biases in training datasets, contributing to the enhanced fairness and robustness of AI systems.
- Collaborated with multidisciplinary teams to deploy AI solutions that leverage RAG for superior contextual understanding and response generation, setting new standards in AI development.

SKILLS

Artificial Intelligence

NLP

Generative AI

Machine Learning

LLMs

Chatbot Development

AWS

GCP

PERSONAL PROJECTS

Resume Analyzer (01/2024 - 03/2024)

- Automated Resume Parsing: Extracts text data from resumes in various formats.
- Skill Identification: Uses NLP to identify key skills and categorize them based on job relevance.

AI based small conversational chatbot (06/2023 - 06/2023)

- Utilizes NLP and machine learning to understand user intents.

CERTIFICATES

AI for everyone By Deeplearning.ai (02/2022 - 04/2022)

Oracle Cloud Infrastructure 2023 Certified Foundations Associate (09/2023 - 10/2023)

AZ-900 AZURE FUNDAMENTAL CERTIFICATE CHALLENGE BY MICROSOFT (10/2023 - 11/2023)
